

ANGELS EVERYWHERE

A POWERFUL NEW MUSICAL ABOUT HOPE,
CHANGE AND LOVE

BOOK, LYRICS AND MUSIC BY ERIN ELIZABETH COPYRIGHT 2023

A modern-day love story about everyday people trying to find their way in this world. The message is urgent, the issues are real. In 2023, *Loneliness* was recognized as an epidemic in our country. Technology and social media have caused social isolation.

Angels Everywhere addresses issues that are challenging us today. This message is timely- the road to self-discovery, healing, and change is possible. Recognizing those real-life **Angels** we meet along the way assure us that we are not alone.

Angels Everywhere is an authentic and soulful new musical with 18 original songs. Audiences are dancing in the aisles to the hit sing-along, *Fake Happy People*, belly laughing during online therapy, and shedding tears of joy and pain as they relate to the music and the message.

HOPE CHANGE LOVE

A Rock Musical for all ages.

IF NOTHING
EVER
CHANGED,
THERE
WOULD BE
NO
BUTTERFLIES...

Our story begins one rainy night in March. Angel, the protagonist, finds herself at rock bottom- fighting her own demons while temptation calls her name. A lost and lonely musician down on her luck, she is faced with a choice.

Can we change?

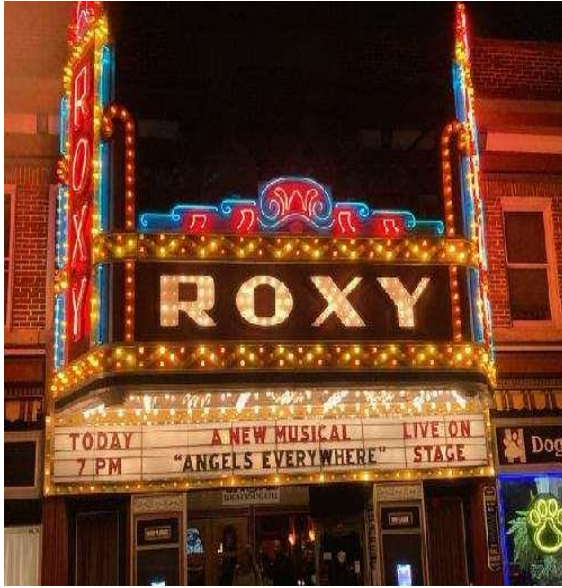

Can we choose a different path?

As Angel learns she *can* choose a different path, her healing begins at Open Mic Night. She meets a ragtag group of real life “Angels” that help her find her voice and her way.

A Feel-Good Musical that will capture your heart and inspire your own journey, *Angels Everywhere* is ready to spread its wings and fly.

We are now looking for partners and producers to help us achieve our dreams of bringing this timeless classic to Broadway. Please help us spread our message... there are, indeed, *Angels Everywhere*.

Angels Everywhere made its first onstage debut on June 3rd and 4th, 2022 at The Country Gate Playhouse, in Belvidere, NJ.

Seven months later, on January 6th and 7th, 2023, the 2nd production was performed at Zoellner Arts Center at Lehigh University with a new cast and complete rewrite. **Angels Everywhere** took a huge leap and brought the house down with standing ovations each night.

Most Recently, our "Troupe" completed our 3rd production and our most successful run to date. In October 2023, **Angels Everywhere** was performed at the iconic Roxy Theater in Northampton, Pa.

About The Author of Angels Everywhere

ERIN ELIZABETH

In my own words: Approximately 2 and a half years ago, I came to a point in my life where I no longer was the person I wanted to be. I lost my way. And then one day, I decided to change. During this journey I documented my pain and joy through music- not writing for anyone but me. I was spending a lot of time working on myself and my healing came through lyrics and music. I was also doing a lot of online therapy and yoga! Thus began the concept of Angels in my life.

Angels Everywhere is both a metaphoric and literal story about my personal change, growth, and the people who inspired me along the way. It took exactly nine months from the night I wrote the first song, *Hey There Pretty Girl*, to opening night of our first, full-length production.

I am both extremely humbled and proud to say, that I produced, directed, wrote and starred in all three productions. I recouped every dollar I invested and will continue to invest. The energy surrounding this work of art is powerful and something much bigger than me. This message of Hope, Change, and Love is exactly what our theater communities, and our world needs now, more than ever.

Currently, I own Encore Studios, a school of Music and Theater, located in the Lehigh Valley, Pennsylvania. During the summers I run musical theater summer camps enrolling approximately 300 kids each summer. I have written over 80 original adaptations of "children's plays" and through all of this, I have learned how to direct, write, produce and manage a business.

A graduate from Hunter College with a BA in theater and minor in music, I survived 18 years as a musician, actress and playwright in NYC. I spent several years writing, developing, and performing an original one-woman musical called *Down The Rabbit Hole*. This was performed in several small Off-Broadway playhouses, as well as in Las Vegas and Los Angeles. I retired from performing many years ago... until recently, when **Angels Everywhere** came unexpectedly into my life. Now, I want to share this music and message with world.

phi-lan-thro-py

love of humanity, desire to promote
the welfare of others.

I am not the person I was yesterday or a year ago or ten years ago. I know I have been helped by many people in countless ways, and for this, I am grateful. The message of **ANGELS EVERYWHERE** is Hope and Love. Through the generosity of our cast and patrons, a donation has always been made to a local charity, a tangible gift to promote the welfare of those in need.
